## Doubly Proven.

Norway Readers Can No Longer Doubt the Evidence

This grateful citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

"I have used Doan's Kidney Pills and have always found them a good remedy for kidney and bladder trouble."

Says Mrs. Francis S. Harlow, of Skillings avenue, South Paris, Me. "They certainly do strengthen the kidneys and relieve backache. I was feeling a little bad recently and knew that my kidneys needed a tonic. I used Doan's Kidney Pills and they gave me relief in a short time."

Later Testimony

"I am certainly grateful for what Doan's Kidney Pills have done for me," said Mrs. Harlow on May 1st, 1912. "I willingly confirm my former endorsement."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Harlow had.

TEN WEEKS IN BED—EMINENT

PHYSICIANS FAILED—WONDERFUL RECOVERY.

I wish to inform you of the great benefit I have derived from the use of Swamp-Root. I had been a sufferer for more than twenty years from kidney and liver trouble and was almost constantly treated by the most eminent physicians who could only give me temporary relief. I had been in bed ten weeks when I began Swamp-Root. Inside of twenty-four hours I could see that I had been greatly benefited. I continued to use Swamp-Root until I had used several bottles when I really felt that my old trouble was completely cured and I am positive that any person suffering with kidney or liver trouble can be cured by the use of this preparation.

I am now in the best of health, better than I have been for ten years or more. I do not know how to express myself as strongly as I desire, in favor of Dr. Kilmer's Swamp-Root, as you can see that it saved my life and that my good health is due entirely to this great remedy. I heartily recommend it to every sufferer and am confident they can be benefited as I have been. It is a pleasure for me, gentlemen, to hand you this recommendation.

MRS. H. J. PRICE,

1400 Center St., Portsmouth, Ohio.

Personally appeared before me this 13th of September, 1909, Mrs. H. J. Price, who subscribed the above statement and made oath that the same is true in substance and in fact.

Prove What Swamp-Root Will Do For You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone who will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Norway Weekly Oxford Co. Advertiser. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

## THE BIRDS

I like em—the birds— With their songs without words. They are the poets of spring. When worn on a hat, It occurs to me that They are much more attractive a-wing.

Take and press 'em out flat, Their skins 'n all that. And they're not such a wonderful thing; As when torn from notes, Full tide from their throats, Enchants the whole world as they sing.

Now, a bird when it's dead, With glass eyes in its head, Mix with velvet and beads and all that, Seems a thing out of place. No matter what face Is a smiling, satisfied, beak the hat.

Oh, I like 'em—the birds— With their songs without words. But I want 'em and they're a-lying. Not dead on the hats we're a-buying. COBRA M. W. GREENLEAF.

## CONSUMPTION TAKES 350 PEOPLE DAILY

Over 350 people succumb to consumption every day in the United States. Science proves that the germs only thrive when the system is weakened from colds or sickness, overwork, confining duties or when general weakness exists.

The best physicians point out that during changing seasons the blood should be made rich and pure and active by taking Scott's Emulsion after meals. The cod liver oil in Scott's Emulsion warms the body by enriching the blood; it peculiarly strengthens the lungs and throat, while it rebuilds the resistive forces of the body to avoid colds and prevent consumption. If you work indoors, tire easily, feel languid or nervous, Scott's Emulsion is the most strengthening food-medicine known. It is totally free from alcohol or any stupefying drug. Avoid substitutes.

## A LITTLE GIRL WRITES.

Bethel, Me., March 15, 1915.  
Dear Editor and Boys:—Why don't the girls and boys write for our nice paper when the Editor has kindly asked us? Why, of course you could spare a little of your time in writing for the Children's Column.

I will write about my kitty. She is black and white. She is very cunning. I have named her Spotty. I have a nice black and white dog. I have 39 hens and 21 chickens. My hens are tame. I have a doe and she is tame too.

I go up and get milk every morning to one of the neighbors. It is about a mile. I like to very much. I slide to the brook and get water on my sap sled and my dog goes with me. I go out and get the eggs and feed the hens and chickens. How many know where the shortest chapter in the Bible is?

I must not forget my Sunday verse:—  
O speak a kindly word to all  
With whom you daily meet,  
And if you hear words spoken ill  
O, don't let the ill repeat.

Bethel, Me., March 22, 1915.  
Dear Editor:—I thank you for printing my letter in the Children's Column and for the paper you sent to me. I will send you a story about

Protect by the Flag.  
In a little red house on a Massachusetts hillside a family of children spent the summer, and I want to tell you a pretty story about them.

One day when they were crossing the meadow behind the house a bird flew up near the path. They began to look and in the midst of the tall grass at the foot of a meadow-sweet bush they found a nest with tiny eggs. It was the home of a pair of vesper sparrows.

After their discovery the children were so careful not to disturb the mother bird that she lost her fear and allowed them to come quietly within a few feet of her. But early in July a party of haymakers appeared. The children were in distress. They ran to the house in tears to tell how the mowers would spoil the nest and kill the birds.

But he who is the Father of sparrows as well as of children He flashed thought. With a shout they rushed forth to the men to beg them to spare the nest. "But how shall we know where it is?" "We will mark the spot," said the children.

"All right," was the reply.  
From the house the children brought a little flag, such as veterans wear and planted it beside the meadow-sweet bush. On came the mowing machine. The next swath would bring destruction, perhaps death to the brooding mother. But at sight of the flag the driver reined his horses aside. He was too patriotic to molest even a bird's home which was under the protection of the United States government. So good bye,

BLANCHETTE ELLEN KIMBALL.

## BRYANT POND.

Stephen Barberic, who has clerked for three years at the Allen store, has left for Portland where he has a position as traveling salesman for E. Swasey & Co. Burton Cole has moved his garage to the John Galloway lot and has fitted it up for a dwelling.

Georges Forbes has started a cellar on his lot near the Rumford road and intends to build a house there. Wilbur Cole, son of Melrose Cole of Portland, has visited at D. A. Cole's. Mr. Cole has a position in the Maine Savings bank.

In the high school, opening this week the assistant, Mrs. Ada B. Swan, being unable to attend on account of illness in her family, the position has been temporarily taken by Alden Chase.

"The Two Vannevels," a play from the story of Booth's assassination, was well received at the Opera house Saturday.

William Jackson, one of the oldest residents of North Woodstock, died Saturday evening. Mr. Jackson was a native of Poland and came to this town when a young man. In 1840 he became a railroad man and ran as an engineer on several roads. At one time he was a baggage master on one of the New England routes. For a number of years he was in trade at North Woodstock and later in Rumford. He leaves a wife, but his only child, a daughter, died the present winter. The funeral was held at Locke's Mills, Tuesday.

## ALBANY.

The traveling is getting quite good for this time of the year. Most every one is a victim of the gripe and bad cold. Little Ruth Cummings has been quite sick and had the doctor. George Buckman and Raymond Cummings are up on the brook to work driving pulp wood.

Ernest Stearns and Roy Wardwell have got the wood nearly all sawed in town. Abel Andrews and his wife are still in Lewiston. His wife is a patient in the C. M. G. hospital. She is improving every day and expects to be at home within ten days.

Herbert Bean has got his new store almost built. D. A. Cummings spent a week visiting his sister in Oxford, and Lewiston and back to Bethel soon enough. Saturday April 10th, to finish selling out all of his grain that he had left over in the Bisbee grain mill. His next carload of grain he will have shipped to West Bethel.

Songo Road. C. F. Upton is cutting and hauling wood for W. H. Burhoe. Ed. Bartlett of Bethel with his gasoline engine sawed for Carl Upton, Abner Kimball, Seldon Grover and Haggood Bros. last week.

The fire through the ice has been good at Songo this spring, being about 60 pickers taken in two weeks. Carl Upton took the largest one weighing two pounds and five ounces.

Abner Kimball has bought three fine logs of Channing Grover of Bethel. Eva Gerald has finished work for Haggood Bros. and returned to her home at Amesbury, Mass.

Will Burhoe is papering and painting for parties at Bryans Pond. Millard Clough is working at Bethel. Charles Lucas and friend were at E. H. Young's cottage at Songo, Sunday. A number from here attended Pomona at Bethel.

A large flock of geese flew over this place last week, probably enroute to the great lakes. G. W. Swicker and wife, who have been living at West Bethel since the past winter, have moved back to their farm here.

Class in Advertising Will Aid Merchants. The University of Maine, through a class in advertising, is now in position to offer practical assistance to merchants and mercantile organizations on their subject of advertising. Suggestions will be made on local, state and national advertising campaigns, if requested, covering cost, medium, material, etc. Advice on the content and form of advertisements will be given when sought. Styles of type and preparation of copy also will be taken up. In special cases, when desired, tentative copy will be prepared.

It is hoped the new idea in extension work will not only help merchants make advertising a stronger selling force, but will help printers and publishers. They probably would appreciate an improvement in advertising copy.

Municipal organizations, such as boards of trade or chambers of commerce, may obtain suggestions. All those who are interested in solving advertising problems or in improving their advertising copy, may write to John C. Mallett, at Orono, a class in advertising. The work will be done in cooperation with the students, including L. B. Tolman, H. D. O'Neill, L. H. Morrell, C. E. Dole, of Bangor; Fred H. Curtis, of Adirondack; and David O. Rodick, of Bar Harbor; and Stephen P. Danforth, of Foxcroft.

Statements regarding the work are to be sent to the Maine State Board of Trade. A list having been provided by Arthur Chapin, president, and E. M. Blanding, secretary of the State Board of Trade.

## SOUTH OTISFIELD.

Mrs. David J. Jilison is very low. Three of Mr. Smith's children from East Otisfield visited Thursday and Friday with their cousin, Mrs. Hazel Winslow.

There will be a dance at Grange hall, Bolster's Mills, Friday, April 23. Good music. Refreshments served.

## "Helps for House Cleaning Time"

The Ladastule, as the name implies is a folding step ladder and stool combined, 25 1/4 inches high, opens with one hand automatically and when folded it occupies but very little space. It can be used to sit upon when washing dishes. Price \$1.00.

## "Rattan Carpet Beaters"

These are very durable and can be used upon upholstered furniture and bedding effectually, also on carpets, rugs and art squares.

PRICE 15c.

## "Cedar Chests"

These are made from Virginia Red Cedar, highly polished finish, beautiful figured wood and a delightful fragrant lasting odor. These are made plain and bound with genuine copper riveted straps. The "Boudoir" has two drawers, in the bottom which gives access to articles without disturbing the contents of the trunk, positively prevents damage from moths, dust, mice; nice for furs and woollens. Price \$9.50 to \$15.50.

## "Games"

We have green felt brass cornered game tables 30 inches square and 27 inches high, mahogany finish, rigid well folded legs, weighs only 9 pounds and when folded will not take up any more room than a cake board as it has no projections. Price \$1.95.

Junior Pool Tables with 16 real composition balls handsomely colored and numbered. The board has a green cloth cover, rubber cushion, corner and side pockets, levelling wedges and cues complete. The children are contented when playing and the older folks enjoy them also. Price \$2.50.

## PARMENTER & POLSEY

POWERFUL & PRODUCTIVE

NOW IS THE TIME

to plan for your next harvest—not by castles in the  
air but by fertility in the soil. Select that fertilizer  
that will supply most perfectly the plant food re-  
quired by the crops you are going to raise.

Parmenter & Polsey Fertilizers are  
well balanced in their composition—not only  
supplying just the kind of foods the crops must have  
but furnishing it in the most available form and in  
the right proportions. They are composed of organic  
animal substances to which chemical salts have been  
added necessary to make a complete plant food.

PARMENTER & POLSEY FERTILIZERS are  
powerful and productive because they are rich in  
ingredients necessary to quickly start and then  
maintain the crop through its entire growing period.

Our free Crop Book will tell you what brand will  
give you the best results. Write for one today.  
Write for Agent's Terms if we are not represented  
in your town.
